Historical Issues of Richmond District

- In the 1800s, what is now the Richmond District was known as the “Outside Lands” because it was “outside” the original city boundaries when California became a state in 1850. Originally this area of the city was owned by Mexico, then annexed by the U.S. in 1848, and officially made part of San Francisco in 1866.
- Today Richmond hosts the biggest three-day concert in the City called “Outside Lands” in the Golden Gate Park.
- George Turner Marsh (1857-1932), the most prominent early resident, was one of the Richmond District's first developers; **he named his home after his birthplace of Richmond, Australia.**
- The name Richmond District was formally adopted by the San Francisco board of supervisors in 1890.
- Clement Street was named **in honor of the New Yorker, Roswell Percival Clement**, a lawyer who arrived in California in 1853. Clement served as an attorney for the San Francisco Gas Light Company and was also a member of the SF Board of Supervisors.

Historical Issues of Richmond District

- The Richmond District has a very colorful history. Beer houses, racetracks, athletic venues, amusement parks, boarding houses – the Richmond has seen many phases in its history.
- In 1866, Congress passed the Outside Lands Act, officially adding the western half of the peninsula to the City of San Francisco and leading to the creation of Golden Gate Park. The park brought more weekend visitors and new transportation lines west, but full-time settlement on the sand and chaparral so remote from downtown was slow through the 1870s.
- On April 4, 1870, Golden Gate Park, which measures 1,017 acres, opened to the public, quieting skeptics who said a park could never be built atop San Francisco's sand dunes.
- The Golden Gate Park is celebrating its 152-year anniversary and was designed by a 25-year-old William Hammond Hall and is home to the first public playground in the country.
- SFPD Richmond Police Station was built in 1927.

Goals and Objectives

- The members of Richmond Station have been supporting the Department's community policing vision & values and are committed to creating a safe & healthy community by following the objectives of the 2022 Community Engagement Plan.
- The members of Richmond Station have worked towards achieving these objectives by collaborating with businesses, residents, community groups, youth-based organizations, and city partnerships within our district to attain these goals.
- Goal 1: Communication
- Goal 2: Education
- Goal 3: Problem-Solving
- Goal 4: Relationship Building
- Goal 5: SFPD Organization

Goals and Objectives

- Richmond Station supports the Department's Community Policing Vision and Values and is committed to creating a safe, healthy, and vibrant community.
- Our spirit is guided by a guardian mindset, and we recognize that our role as protectors is rooted in empathy, understanding, and mutual respect.
- At the heart of effective policing is a comprehensive community engagement strategy because Community Engagement leads to Community Policing which leads to effective Community Oriented Problem Solving.
- Richmond Station works toward achieving this objective by collaborating (Goal 1 of the 2022 Community Policing Plan) with businesses, residents, schools, community organizations, youth-based organizations, and city partnerships within our district, to collaboratively identify and problem solve local challenges and increase safety for residents, visitors, and businesses in the community.
- The following slides will show the Community Engagement Strategy for Richmond Station.
 - Education and Relationship building (Goals 2 and 4 of the 2022 Community Policing Plan) are the focus of our engagement events.
 - Our events will focus on educating the community about the department, crime prevention, crime trends and problem solving.
 - Our goal is to build trust and relationships through positive engagement outside of calls for service, furthering our effectiveness in community policing thus making us more effective in community-oriented problem solving (Goal 3 of the 2022 Community Policing Plan).

Goal 1: Communication

- We are reaching out with the Captain's weekly Newsletter and utilizing Social Media channels to maintain a presence in the community until in-person events resume full time.
- The Captain has a variety of Community Meetings with a multitude of organizations and maintains his accessibility by ensuring community members are aware of his e-mail address and monthly community forums.
- We are keeping in close contact with stakeholders regarding issues within the community, event planning and coordinating our efforts.
- Through conversations with our Community Partners, their input and collaboration we are working tirelessly to serve our Community during these difficult times.
- We are being transparent in our communications, our publications and with education components within the Community about our goals, policies, successes & failures with honest empathetic dialogue while seeking the community's input and ideas on ways to resolve issues.
- These open communication efforts are helping us towards achieving our objectives by collaborating with businesses, residents, community groups, youth-based organizations, and city partnerships within our district to achieve these goals.
- To reach our goals of communication, education, problem solving, and relationship building, members of the Richmond Station have participated in several outreach events with the community.

Goal 1: Communication

San Francisco SAFE

SF SAFE engages, educates, and empowers San Franciscans to build safer neighborhoods through crime prevention, education, community engagement and public safety services that result in stronger, more vibrant and resilient communities.

SF SAFE's services provide people with the tools, knowledge and skills to help address and prevent crime and violence and to become advocates for safety and wellness in their neighborhoods. Most services are provided cost-free to the San Francisco community. Ultimately, SF SAFE's work is about working together to create a safer San Francisco.

RICHMOND STATION NEWSLETTER

April 14, 2022

Hello Richmond District Residents and Merchants,

April is still Distracted Driving Awareness Month. The National Safety Council (NSC) warns that multiple distractions come from inside the car:

- Touchscreens take your eyes off the road, and
- In-vehicle tech takes your mind off driving.

The NSC recommends these ways to drive attentively:

- Program phone and electronics before you start, and
- Don't interact with them while driving.

Also, avoid these violations, for which drivers can be cited:

- Texting at a red light - we've all been behind that one car, which doesn't move for several seconds after the light changes - don't be that driver!
- Holding your cellphone in one hand and talking on speakerphone - this violates CVC 23123(a), which specifically states "hands-free listening and talking".

- Captain Gaetano Caltagirone

Goal 2: Education

- Richmond Station has been building our legitimacy and transparency by keeping our community informed of upcoming events and educating them on Department policies, practices, and functions.
- We will foster crime reduction by highlighting crime trends and providing safety and crime prevention tips.
- We've partnered with and work with SF Safe on educational flyers.
- We are messaging the Community regarding the prolific Garage Door break-ins and subsequent thefts.
- Community Message - Securing garage door with an "automatic garage door deadbolt"
 - Just like you add a DeadBolt to your front door, add a DeadBolt to your garage door.
 - Provides solution to lock garage door easily and automatically with existing garage door opener – no thought or effort required for additional layer of peace and security.
 - Advise with SAFE's "Prevent Garage Door Break-Ins" prevention flyers published in newsletter and posted on social media.

Goal 2: Education

- We post and hand out SF Safe's Park Smart educational flyers throughout the District and all over our Major Tourist HotSpots in an effort to help our people leave with what they came with and enjoy their time to the fullest.
- We add the education flyer to the Captain's weekly NewsLetter.
- We post and re-post the educational flyers on Social Media.
- We also posted an SFPD Burglary awareness video in the NewsLetter and on Social Media.
- We are maintaining high visibility patrols throughout our problem HotSpots advising residents and tourists alike on Garage safety and Park Smart tips.
- We are getting out of our patrol cars and talking with people while we hand out these flyers and explain in further detail, answering any questions along the way.
- By talking more with the public, we are getting great feedback on the issue.

Goal 2: Education

Join the San Francisco Civil Grand Jury

San Francisco Superior Court is seeking volunteers for the Civil Grand Jury. The Civil Grand Jury is the "watchdog" for the City and County of San Francisco. The Civil Grand Jury investigates the operations of City government, including officials, departments, and agencies. Each year, the Civil Grand Jury issues reports based on its findings. Those reports are heard before the Board of Supervisors.

The Civil Grand Jury serves for one year, from July 1 through June 30 of the following year.

Eligibility Requirements:

- 18 years of age or older and a United States citizen.
- San Francisco resident for at least the past 12 months.
- Able to commit time consistently throughout the term.
- Desire to work together with other committed San Franciscans.

Help make government more efficient!

For more information, please visit <http://civilgrandjury.sfgov.org> or call 415-551-3635.

Bias-Free Policing

Everyone deserves to be treated fairly.

SFPD officers undergo Implicit Bias & Procedural Justice training. Our goal is ensure fair, impartial community policing.

We're dedicated to providing *Safety With Respect for All*.

PREVENTION

- Are there any valuables or seemingly insignificant loose items visible in your car?
- Place all loose items in the trunk of your car before you arrive to your destination to ensure thieves won't know what you are hiding.
- Traveling from out of town?
- Check your luggage at the hotel instead of keeping it in your car.

BROKEN WINDOW OR TRUNK

- Is the break-in happening right now?
- Call 9-1-1 with your location and suspect description.
- Did the break-in already happen?
- File a police report online (www.sanfranciscopolice.org/reports/), or call 3-1-1.

CAR BREAK-IN

- What was stolen? Make a list of stolen items.
- Although not required, you should provide the estimated value along with serial numbers to any electronics on a police report that can be filed online (www.sanfranciscopolice.org/reports/), or call 415-553-0123.
- If credit cards were stolen, cancel them as soon as possible and check to see if any unauthorized activity has occurred. If so, include this activity on the police report.
- If an original passport or social security card was stolen, go to the nearest police station.

FIREARMS THEFT

- Was any type of firearm stolen?
- If so, immediately go to a police station or call the police non-emergency line, 415-553-0123.

REPORTING

- Is a police report needed for an insurance claim?
- A formal police report can be completed online (www.sanfranciscopolice.org/reports/), in person at any San Francisco Police Station, or by calling 3-1-1.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

- ALWAYS CLOSE YOUR GARAGE DOOR**
This may seem obvious, but just drive through any residential neighborhood and you'll likely see a line of open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.
- REINFORCE THE GLASS ON THE GARAGE DOOR**
Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.
- INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK**
When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.
- INSTALL SURVEILLANCE CAMERAS**
There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.
- HAVE A QUALITY FUNCTIONING GARAGE DOOR**
Garage doors should be as secure, sturdy, and well built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.
- INSTALL MOTION-SENSITIVE LIGHTS**
This may seem obvious, but just drive through any residential neighborhood and you'll likely see a line of open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.
- DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR**
A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.
- TIE EMERGENCY RELEASE CORD**
Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.
- SECURE ANY VALUABLES**
Place all tools in locked cabinets with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.
- INSTALL INTERIOR MAIL SLOT HOOD COVER**
If the car door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

Park Smart!

THE KEYS TO PARKED CAR SAFETY ARE IN YOUR HANDS!

If you love it, don't leave it.

DON'T TEMPT A CAR THIEF!
Car thieves only need seconds to break into your car. So Park Smart, and especially keep your trunk clear. Take everything with you.

Park Smart!

Safe Habits to Adopt:

- Turn off the ignition**
Never leave your car running unattended
- Keep your vehicle & tires in good condition**
to prevent breakdowns—stranding you in a dark or unfamiliar place
- Lock your doors**
when you get in your car
- See something, say something**
If you see a motorist in distress, call 9-1-1 versus stopping to help
- Clear your trunk**
and take your valuables with you every time you leave your car
- If you are being followed,**
drive to the nearest police or fire station—a populated area is a good default

BE PREPARED FOR AN EARTHQUAKE

Earthquakes can collapse buildings and cause heavy items to fall, resulting in injuries and property damage.

IF AN EARTHQUAKE HAPPENS, PROTECT YOURSELF RIGHT AWAY

DRIP **COVER** **HOLD ON**

Earthquakes are the sudden, rapid shaking of the earth, caused by the breaking and shifting of underground rocks.

Can happen anywhere. Higher risk areas in California, Alaska, and the Midwestern Valley.

Wear seatbelts.

Close fire and gas valves.

Close doors, windows, and shutters.

If in a vehicle, pull over and stop.

If in bed, stay there.

If outdoors, stay outdoors.

Do not get in a doorway.

Do not run outside.

WHO WE ARE

San Francisco SAFE, Inc. (Safety Awareness for Everyone) is a nonprofit 501(c)(3) organization that engages, educates and empowers San Franciscans to build safer neighborhoods through crime prevention, community engagement, education and public safety services that result in stronger, more vibrant and resilient communities.

SF SAFE's services provide people with the tools, knowledge and skills to help address and prevent crime and violence and to become advocates for safety and wellness in their neighborhoods. Most services are provided cost-free to the San Francisco community. Ultimately, SF SAFE's work is about working together to create a safer San Francisco.

OTS TRAFFIC SAFETY

Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in devices, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Cell Phone Law

Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.

To use a phone while driving, it must be mounted on the dashboard, windshield (seven inch square in lower right corner or five-inch square in lower left corner), or center console.

When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.

A first offense ticket is \$162, with additional offenses costing even more.

You may use your phone while holding it for true emergencies, like calling 911.

For additional driver safety tips and resources, visit goSAFEya.org.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safety, California!"

Distracted Driving Prevention
Remember: Text and Drive.
Turn your phone before driving.
Pull over to safely parking your car to make a call.
Don't text or call someone you know to driving.

Goal 2: Education

Goal 3: Problem-Solving

- Major Community concerns and complaints over homelessness and quality-of-life issues in district hotspots including RV campers along Ocean Beach & Fulton.
- We maintain outreach, establish rapport, work in collaboration with other City agencies to address needs/concerns.
 - We regularly work with several City agencies.
 - The regular agencies we work with include; All Outreach Specialists working with the City, SFFD SCRT (Street Crisis Response Teams), SF HOT (Homeless Outreach Teams), SF Department of Public Works, SF Park Rangers, SF Park & Rec Environmental Clean-Up, HSOC (Healthy Streets Operation Center), etc...
- The City's strategy in addressing homeless encampments continues to be taking a services led approach with the objective of connecting the unsheltered population with available housing and services.
- As housing and shelter issues are shared with other City agencies to minimize Police involvement, everything we do now involves working collaboratively as a problem-solving team with other City agencies to develop responses to local issues and connecting individuals with City services in order to address the needs of the Community.

Goal 3: Problem-Solving

Goal 4: Relationship Building

- We are maintaining our high visibility patrols in patrol vehicles and out walking on foot.
- While out of these high visibility precinct walks, or business corridor walks Officers are handing out flyers and stickers starting those ice breaker conversations with common-sense no-nonsense conversations and laughs.
- These conversations are transparent, honest and build rapport within our Neighborhoods and Communities fostering a respectful and courteous partnership, where the police and communities share ideas, share differences, and find a common ground to achieve common goals.
- Officers are participating in the Community Engagement Events which creates a positive connection in these difficult times for both the Community and the Officers and brings more diverse points of view.
- Everyone we encounter is being treated with the same dignified and equal treatment and access to resources free from judgement and without bias.

Goal 5: SFPD Organization

- We are being flexible, adaptable and are committed to continuous review and improvement as we strive to be better than yesterday.
- We are listening to our Community voices and our Members are establishing a continuous working partnership with our community-based organizations and all City Departments to address needs for City services as identified through Police Community Partnership process.
- We are getting as many Officers as possible involved in our Community Policing Events in order to reflect the City's diversity and our Stations diversity as well.
- We maintain consistency in our practices and continuity within our Community relationships.
- We hold ourselves and others accountable for actions while embodying our Community Policing values.

Community Partners - Business Groups

- The Richmond District includes many merchant/business corridors and local shops. Several of these business corridors have regular meeting working groups.
- To meet the community policing goals of communication, educating the public, problem solving, and relationship building, Richmond Station personnel have attended these business group meetings.
- **Sacramento Street Merchants**
- **Clement Street Merchants Association**
- **Planning Association for the Richmond**
- **Geary Street Merchants Association**
- **Balboa Village Merchants Association**

Community Partners - Community Groups

- In addition to meeting with business groups, the members of Richmond Station interact with a variety of community groups.
- These interactions have supported our strategic plan to help build trust and legitimacy, to educate the community groups of the Department's policies and functions and to provide information on oversight.
- Beyond meeting with the various community groups, Richmond Station personnel host a monthly Richmond Station Captain's Community Meeting.
- Community Groups in Richmond District include:
 - **Planning Association for the Richmond**
 - **Richmond District Neighborhood Center**
 - **Pacific Heights Residents Association**
 - **Sea Cliff Neighborhood Association**
 - **25th Ave Corridor Group**
 - **Jordan Park Association**
 - **Community Youth Center**

Crime Trend - Auto Boosts

- In 2022, San Francisco saw an increase in the number of Auto Boost/Smash & Grab incidents Citywide as a popular tourist destination, the Richmond District was not exempt from this.
- In response to **hearing** our Community's outrage about these on-going acts and in conjunction with our Community Partners we have developed the following problem-solving plan to combat this on-going issue.
- Officers focus will be to achieve public awareness and enforcement to make the streets in our District safe for residents, visitors, and businesses.
- In addition to the above, all officers from Richmond Station will utilize additional resources to educate the public on auto boosts, burglaries and thefts.
- City-Wide Plainclothes Units will conduct surveillance operations on our highly targeted tourism and business areas, in an effort to apprehend criminal(s) who are committing these crimes.

Crime Trend - Auto Boosts

- The educational outreach component will be to residents and businesses, in an effort to decrease thefts from vehicles.
 - Officers will engage in educational dialogue with citizens, alerting them to the issue and how we can partner to address this crime. (SF SAFE) How they can be aware of what is going on in their neighborhood (next door app) (See something Say Something).
 - They will also provide citizens the "Park Smart" Cards to remind them about the importance of removing items from their vehicles.
 - Richmond Station officers will partner with SF SAFE, to provide crime prevention tips.

Crime Trend - Auto Boosts

A) Organized Community Meetings:

- Includes meetings at Richmond Station and at locations in the District.
 - Sharing crime data where permitted by law.
 - Provide input to the public on our progress.

B) District Supervisor

- Monthly meetings with District Supervisors (District 1 & District 2) to provide updates on the education and enforcement plan.

C) Informal Community Meetings and Outreach Officers:

- All officers (especially Outreach Officers), interact with citizens each day.
- In addition, informal gatherings such as "Coffee with a Cop" or "Ice Cream with a Cop" offer officers a great opportunity to do community education outreach on the issues.

D) Social Media & SFPD Publications:

- The use of Social Media (Twitter) and SFPD produced publications (weekly newsletters, emails) offer officers an effective method to educate the public on this issue.
- The ability for citizens to share the outreach efforts (i.e.: Next Door) with others make this an attractive way to organically reach new stakeholders.
- Share crime data with the public online where appropriate and permitted by law.

E) Tracking Progress

- Gather weekly, monthly, quarterly, and yearly Crime Data Warehouse Business Intelligence Statistic reports to compare progress.
- Based on trends, and through review & improvements process see if adjustments to the plan need to be made.

Crime Trend – Burglaries

- In 2020, San Francisco has seen a dramatic increase in the number of commercial and residential burglaries and the Richmond District was not exempt from this.
- A common theme of residential burglaries has been a person breaking a garage window, using a tool or piece of material to reach in and pull the emergency release, thus gaining entry into the once locked garage.
- Often times there will be multiple burglaries that take place in a very short time frame which is concentrated in one specific area.
- Richmond Station will conduct on-going burglary and property crime abatement efforts, coupled with an educational outreach program, to address this issue from multiple fronts.
- A three-tiered approach (education, enforcement and environment) can be an effective tool in reducing crime as it offers a more comprehensive effort to address the issue.

Crime Trend – Burglaries

- Richmond Station's Patrol Officers will conduct high visibility operations in areas that have seen an increase in burglary related crimes in an effort to deter and apprehend criminal(s) in the act who are committing these crimes.
- Officers will protect life and property, maintain law and order, outreach to achieve public awareness, enforcement and environmental outcome change to make the streets in our District safe for residents, visitors, and businesses.
- The objectives are to apprehend suspects committing these crimes, deter possible suspects, and reduce the amount of crimes in the Richmond District because we **hear** our Community outraged regarding these on-going acts.
- In response to **hearing** our Community's concern over these on-going burglaries and in conjunction with our Community Partners we have developed the following problem-solving plan.

Crime Trend - Burglaries

A) Organized Community Meetings:

- Includes meetings at Richmond Station and at locations in the District.
 - Sharing crime data where permitted by law.
 - Provide input to the public on our progress.

B) District Supervisor

- Monthly meetings with District Supervisors (District 1 & District 2) to provide updates on the education and enforcement plan.

C) Informal Community Meetings and Outreach Officers:

- All officers (especially Outreach Officers), interact with citizens each day.
- In addition, informal gatherings such as "Coffee with a Cop" or "Ice Cream with a Cop" offer officers a great opportunity to do community education outreach on the issues.

D) Social Media & SFPD Publications:

- The use of Social Media (Twitter) and SFPD produced publications (weekly newsletters, emails) offer officers an effective method to educate the public on this issue.
- The ability for citizens to share the outreach efforts (i.e.: Next Door) with others make this an attractive way to organically reach new stakeholders.
- Share crime data with the public online where appropriate and permitted by law.

E) Tracking Progress

- Gather weekly, monthly, quarterly, and yearly Crime Data Warehouse Business Intelligence Statistic reports to compare progress.
- Based on trends, and through review & improvements process see if adjustments to the plan need to be made.

Crime Trend - Quality of Life Issues

- We had an abandoned store front in District that was an epicenter for Quality-of-Life issues that were plaguing the Neighborhood and the Community.
 - We have had a large number of calls for services, email and 311 complaints regarding this specific store front for years.
 - The issues were quality-of-life, homelessness and involved severe mental health issues.
 - We regularly offered City services which were refused.
 - We continuously had to clean the area up due to human feces and human urine on the sidewalk.
 - The filth and food debris laying around was attracting the rats.
 - The area would get physically cleaned of all items and then we would coordinate a SF DPW high pressure power wash down with soap.
- When one encampment would finally leave the area and the neighborhood would get some instant relief with peace and quiet and cleanliness another encampment would take its place creating worse problems.

Crime Trend - Quality of Life Issues

- This was a revolving door scenario, and the property owner was not responding to their abandon store front requirements per City decree.
- Working with SF Deputy City Attorney along with SF Department of Building Inspection and in collaboration with HSOC we were able to contact the property owners regarding the store front that has allowed homeless habitations to continue to be a blight to the community and draw substantial City resources.
 - Abandoned store front violation notifications per SF Department of Building Inspection Complaint Data Sheet along with City Attorney's Letter were sent to Building Owners regarding Public Nuisance and compliance request in a timely manner.
 - We are working as a Team with several City Agencies to bring this issue to a conclusion.
 - The property owner responded to City Attorney's Letter immediately by boarding up alcove with plywood while awaiting metal gates.
 - Our Outreach Officers are maintaining a clean and clear area for community peace and safety.

Quality of Life Issues

Crime Trend - Quality of Life Issues

- RV campers along Ocean Beach & Fulton were creating additional Quality-of-Life issues plaguing the Neighborhood and the Community.
- RV dwellers were refusing City services a multitude of times and enjoying the City's temporary halt to valid towing operations during Covid-19.
- RV camper had very expired registration well beyond the legal limit and were discarding debris to sidewalk or street without due regard.
- Some RV encampments became HotSpots for illegal and loud conduct which regularly disturbed the peace in the neighborhood.
- All RV Campers received final advisements and when towing restrictions were lifted post Covid-19, towing for long overdue registration violations resumed.
- When **PREVENTION** and **INTERVENTION** failed, **ENFORCEMENT** began after listening and *hearing* the Community's concerns to keep the peace and safety.

Review and Improvement

- Our Review and Improvement Process identifies problems through coordination with our Community Partners;
 - Collects & analyzes information concerning the problem in a thorough and simplified manner.
 - Develops or facilitates responses that are tailor-made with the best potential for eliminating or reducing the problem.
 - And finally, by evaluating the response with Community Input, Meetings with Community Stakeholders and Officers assigned to the issues to determine its effectiveness and modifying it, as necessary we see the following positive effects;
- An increase in awareness of crime problems fosters the development of neighborhood-based crime prevention efforts.
- An increase in neighborhood involvement in policing activities through special programs, meetings and police beat assignments.
- An increase in the individual citizen's sense of personal safety.

Review and Improvement

- Confirms with our Community Partners that specific community problems and needs are being addressed.
- A decrease in the amount of actual or perceived criminal activity in the neighborhoods.
- Helps setting more Review Dates, which Ensures on-going evaluation of any resolution plan and there by accountability as well.
- Ensures we **listen** and **hear**, which motivates our communities and historically under-served communities to be a larger factor to solve problems.
- Ensures our Community Partner implemented strategies are working to the best possible outcome and makes certain the citizens feel they have control over their environment and the safety in it.

Thank you.
